

## GAS OIL RATIO TESTING

*Pyramid Corporation would like to introduce new testing methods and procedures in Gas Oil Ratio Testing (GOR).*

*Through extensive testing, we have developed a system that meets and exceeds the Alberta Energy Regulators requirements. Accuracy statement comparisons have been submitted to the AER.*

### FEATURES

- Electric Metering
- Methanol injection system
- Minimal back pressure on wells to obtain flow reading
- Approval and endorsed by the AER
- Inline and atmosphere testing
- Accumulative 24 hour total

### BENEFITS

- Cost effective
- Accurate test results
- No more freeze ups
- Test results may be emailed with backup copy to follow

*Pyramid Corporation also provides the following services across Western Canada; Electrical, Instrumentation, Maintenance, Construction, Manufacturing, Automation and Fabrication.*
